THE PERIODICAL KEY is printed in the U.S.A. by Central Show Printing Co., Inc., Mason City, Iowa. Editorial and business offices, 252 15th St. S. E., Mason City, Iowa. Betty Jean Clark, Editor. Cover design by Homer O. Clark. Rates: $6.00, year; $12.00, 3-years.

SOLUTION OF A PROBLEM

The KEY is facing an emergency. Sometime within the next few weeks a staff member will take time out to have another baby. Now, we realize most publications could take this in stride, but this happens to be the KEY's only staff member. She also happens to receive no pay and the KEY, just ending its first year, has no financial backlog with which to hire a substitute for this "Jill-of-all-trades".

To solve our dilemma without cheating our subscribers, we have combined the November and December issues in this issue and will combine January and February in another big issue to appear in February. We are omitting none of the indexing, rather, we are adding periodicals not heretofore included.

OUR METHODIST CHURCH PROVIDES
some of the best periodicals to be found anywhere

THE PERIODICAL KEY PROVIDES
help in making the best use of these excellent magazines and eight of the best interdenominational periodicals of the National and World Councils of Churches and affiliated groups

C E L E B R A T I N G!---with growing pains

Our PERIODICAL KEY is one year old. It was begun on the proverbial shoestring with a large amount of faith. Having almost no financial backing, it faced its first birthday with a tremendous debt. It would seem wise to admit defeat, except that the popularity of THE KEY was beginning to catch on and folk around these United States and in several foreign countries were becoming aware of its potential.

The only alternative to quitting was a vigorous attack on three fronts: 1 - cutting costs as drastically as possible; 2 - increasing efforts to publicize the project, thereby increasing circulation figures; and 3 - seeking financial support of investors.

We wish to report, now, our situation on these three fronts:

1 - CUTTING COSTS

This is being done by a radical change in production method beginning with this issue. We have purchased a rebuilt Vari-typer by which the editor is able to set up all copy to be printed by the offset method. This eliminates the tremendous labor costs of linotype setting, though it does add a considerable burden to our already overworked, unpaid, one-woman staff.

Since this is our first issue with this system, we have made many errors. We assure you, the quality of our efforts will improve in future issues, so please exercise your Christian patience.

Also, in the line of cost cutting, we will soon be able to meet the requirements for second class mailing privileges, and with this will come improvements in mailing methods which should bring your copies to you in better condition.

2 - PUBLICITY

We have been receiving some comment in official Methodist publications which has, as we fully expected, increased our circulation figures at a faster rate. Since we have no money for paying advertising rates, we have emphasized the fact that we are NOT exploiting Methodist publications, but rather trying

to be of real help to them and their users and asking their free support until we can afford the luxury of paying them to advertise for us. We sincerely appreciate those publications which have responded to this appeal.

Advertising flyers have been sent to all Methodist churches having over 500 members, each church having been sent, at some time during the year, at least one free copy of THE KEY. We have found that many of our free copies were destroyed without even a hurried inspection.

Future publicity will lean toward pointing up clearly, in as many places as possible, specific ways individuals and groups can use THE KEY as a helpful and time-saving tool. We also have a splendid display available for conventions, workshops, and other meetings. Those interested may send for a picture of it and, if it is suitable for your use, we will be happy to make it available without cost.

Our best publicity is from you who find THE KEY helpful. Please tell others of it and ways you have used it. This will help.

3 - FINANCIAL SUPPORT

We have a few interested persons who have made investments but, we are still searching for those who believe in this venture and its potential, who will invest amounts from $100 to $1,000. We do not anticipate ability to pay dividends until 1962, although, recent trends indicate a possible profit to share in 1961. We do not wish to deceive anyone into believing investment in THE KEY will bring quick profit. **This was begun and will be continued primarily as a service, not a money-maker! So far the editor, alone, has put a minimum of 3,000 hours of free labor into it.**

This issue indexes 40 periodicals. Our first issue indexed 23. If our financial backing increases to allow one other full-time employee (this one would have to be paid), we have plans for further improvements to our service.

Let us know how we may help you and, if it is in our power, we shall do it. Thank you for your support and excuse our growing pains.

Betty Jean Clark

TREASURE HUNT

Once there was a young man who purchased from a highly skilled locksmith a key which was said to fit the lock to a room filled with fabulous treasure. The young man felt he had made a great find but he never quite got around to seeing just how the key fit into the lock and so, through the years, the treasure lay untouched and the young man survived in moderate wealth—enough, that is, for the essentials—but never seemed to have enough to make life a real joy.

The treasures, from the standpoint of personal living and church administrative help, found in our Methodist periodicals are fabulous and you are holding in your hand the Key which will make them truly your own. However, this Key must be used to be effective. It is at this point of use that we Methodists fall down in relation to all our fine church literature. We haven't the time to read all this material and looking through it at random to find what we particularly need is also too time consuming so, we leave the treasure untouched.

Our PERIODICAL KEY is an effort to index all these other magazines to make possible finding just what you want quickly. Through a careful look at the various headings found here you will quickly become aware of those sections which hold answers for you in whatever church position you may be. Watch these sections regularly and they will direct you straight to the very articles you will find most helpful.

Month after month of this kind of careful, directed reading will bring results in personal confidence, deepened spiritual life and more efficient execution of your church duties. Oh, yes, and a lot more fun in the process.
